

FUTURE PROOF YOUR DAS PROJECT!

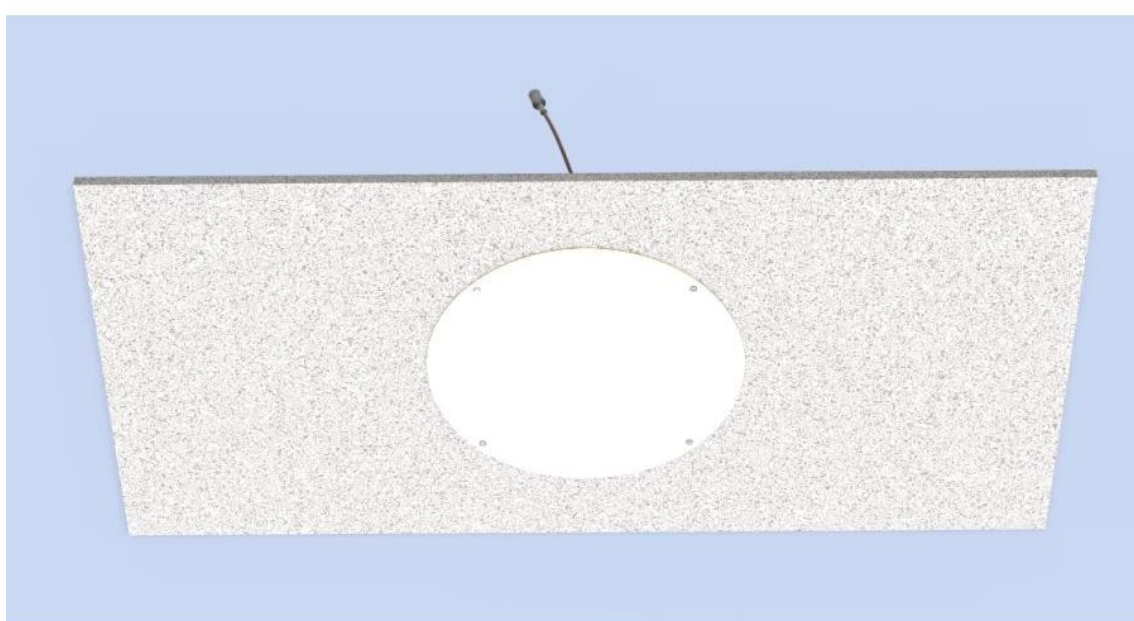

uwb1304000-NF

- Ultra-wideband 130-4000 MHz
- Public safety & VHF included

Our Ultra Wideband UWB-1304000-NF in building antenna goes a step beyond multiband antennas available on the market.

This true wideband antenna covers the whole spectrum of frequencies from 130-4000 Mhz! Future proof a vast spectrum of DAS applications with the only true wideband antenna, Only from Comprod!

Suspended Ceiling Mount

FirstNet, Cellular, TDMA, LTE, PCS, ISM, Wimax, Wifi, 5G

UWB1304000-NF MHz

Electrical Specifications	UWB1304000-NF
Frequency Range, MHz	130-4000
Nominal Gain	Unity
VSWR	1.8:1 Typical (2.0:1 Maximum)
Bandwidth: 1.8:1 VSWR, MHz	3,870
Pattern	Omnidirectional
Power Handling, Watts	5
Nominal Impedance, Ohms	50
Color	White
Standard Termination	N Female
Mechanical Spec.	UWB1304000-NF
Diameter, in (mm)	17.25 (438.15)
Thickness, in (mm)	0.07 (1.8)
Weight, lbs (kg)	Less than 1 (0.45)
Mounting Hardware	Mounting bolts provided

US 1.877.825.2007 /
CAN 1.800.603.1454
