

OUR METAL CLAD CAPABILITIES HAVE EXPANDED

We are thrilled to announce that our Metal Clad cable offering now has even more possibilities and features to meet all of your needs:

- 1,000 foot minimums to custom Metal Clad stocked items
- Identification threading available in red, blue or green
- Threading "nests" in metal clad grooves, making it less likely to snag, peel or fall off
- ID threading runs entire 1,000 feet
- 1.25" max O.D.
- Works seamlessly with the RackPack Field Systems Solution

AMAZING ACCESSORIES FROM **GARVIN** ELECTRICAL MANUFACTURER

Garvin Industries' double snap straight connector for BX/MC cable is a perfect fit. It's manufactured with a patented no tool installation, saving time and money while on the job site. Allowing for quick and easy connections and disconnection from the box.
